

PHOTO QUILTS by NEEDLES-N-PINS

Everyone loves looking at pictures. Photo quilts are a great way to capture your family's favorite memories, and they make excellent gifts for weddings, the birth of a child, retirements, anniversaries, birthdays, pets, and much more! Quilts are sewn together in blocks of 8-1/2" x 11" each. There is a four-block minimum for all quilts and they can be sized as large as you want them. To ensure the maximum quality of your photo quilt, please follow these instructions carefully.

PHOTO INSTRUCTIONS:

- Select the photos you want for each block. DO NOT CUT PHOTOS!
- Put photos for each block in separate envelopes or zip lock bags. Be sure to NUMBER each envelope with the number of the block you want them on. Seven to 10 pictures is a nice amount for each block.
- Each photo will be scanned, cropped and shaped with custom borders if you choose.
- If you desire me to add text to photos or blocks, or if there is a portion of the photo you do not want included on the quilt, please include a post-it note on each photo with instructions. All photos will be returned to you when your quilt is complete.
- After all the photos have been arranged digitally, the block is printed onto photo fabric. Large selections of fabric are available to blend in with your décor.
- **NOTE:** If you have already scanned in your photos, you may submit them to me on CD. However, photos **must be scanned at a minimum of 150 dpi** (dots per inch) and **saved in either .jpg, .gif, .tif or .bmp formats.**

CLEANING INSTRUCTIONS

To avoid the photos fading or bleeding color, **DO NOT** wash your quilt in water. If it needs cleaning, dusting with a clean cloth is recommended.

CD'S

Once the photos are scanned and customized, I can burn them to a CD to be sent with the quilt. You can use these photos for family greeting or holiday cards, scrap booking and more. Just indicate on the order form that you would like a CD included with your quilt.
